ในช่วงเวลาเพียง 4 ปี (2556-2559) สัดส่วนการใช้  
พลังงานไฟฟ้าจากแสงอาทิตย์ในประเทศไทย  
เพิ่มขึ้น 3 เท่า การใช้ไฟฟ้าจากพลังงานหมุนเวียน  
ในภาพรวมเพิ่มขึ้น 2.5 เท่า<sup>(8)</sup>

On a rooftop, they are delivering light  
to the darkened night. Within four years,  
from 2013 to 2016, the ratio of solar  
power consumption in Thailand increased 3 times  
and the increase in overall renewable energy  
consumption was 2.5 times.<sup>(8)</sup>

# OUR SOCIETY IS UNDER TRANSFORMING FASTER AND MORE IMPACTFUL THAN IT WAS BEFORE

How will  
**OUR SOCIETY**  
look like  
in the future ?

What are our  
**PREFERABLE**  
**FUTURES ?**  
and also  
undesirable ?

What is  
**THEIR IMPACT**  
and how can  
we prepare  
ourselves ?

people

space

living

equality

## Good-looking FUTURES

always need  
today  
considerate  
ACTIONS !!!

**Futures is more important than past ...  
but making a preferable future come true  
is all about present actions**

*Yesterday*

*Today*

*Tomorrow*

Through  
**NETWORKING**

new-breed  
futurists will be  
cultivated

## 1. FUTURE FORCE & LITERACY

**Through  
Novel and  
Rigorous  
APPROACHES**

**future scenes  
will be drawn up  
thoughtfully**

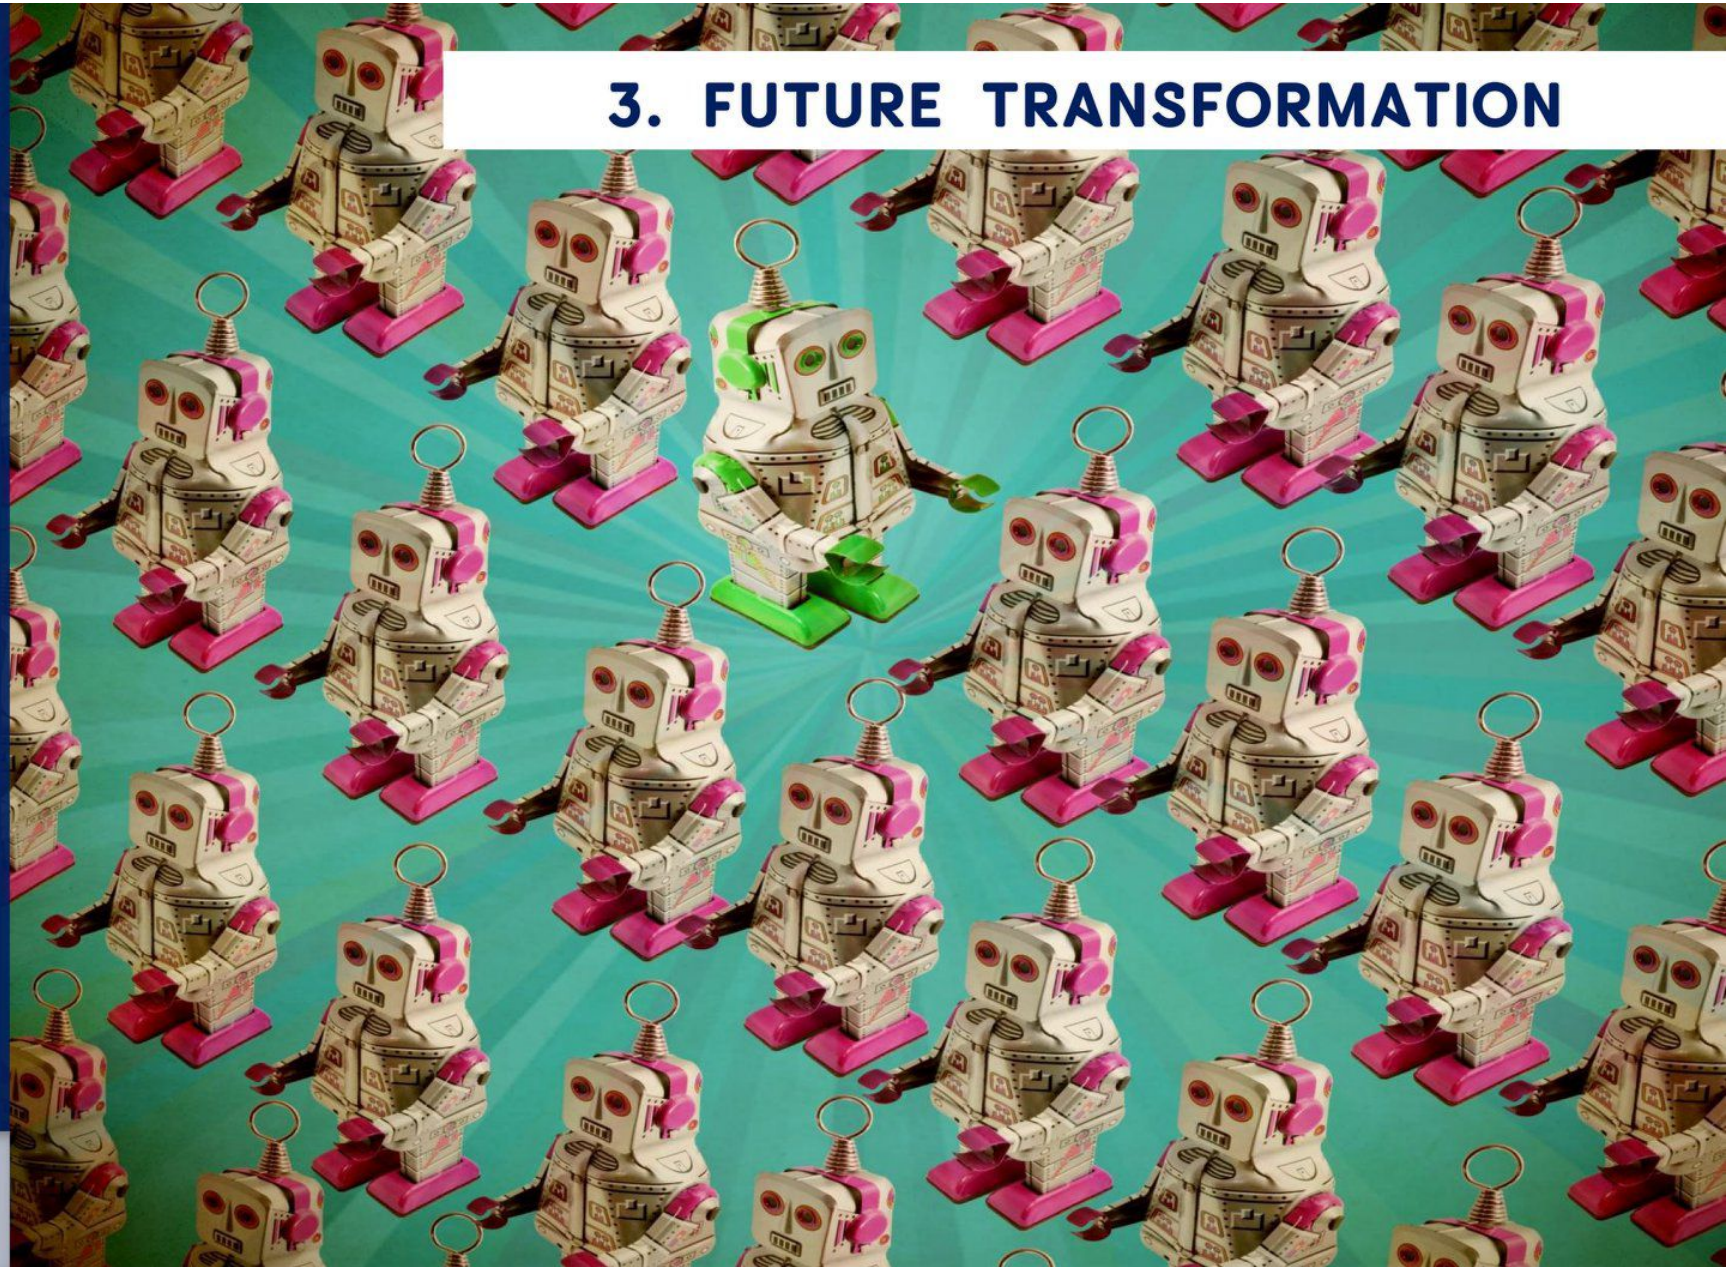

## **2. FUTURE SCENE DEVELOPMENT**

Through  
**PREPAREDNESS**  
and  
**WELL PLANNING**  
we are ready for  
awaiting  
transformation

### 3. FUTURE TRANSFORMATION

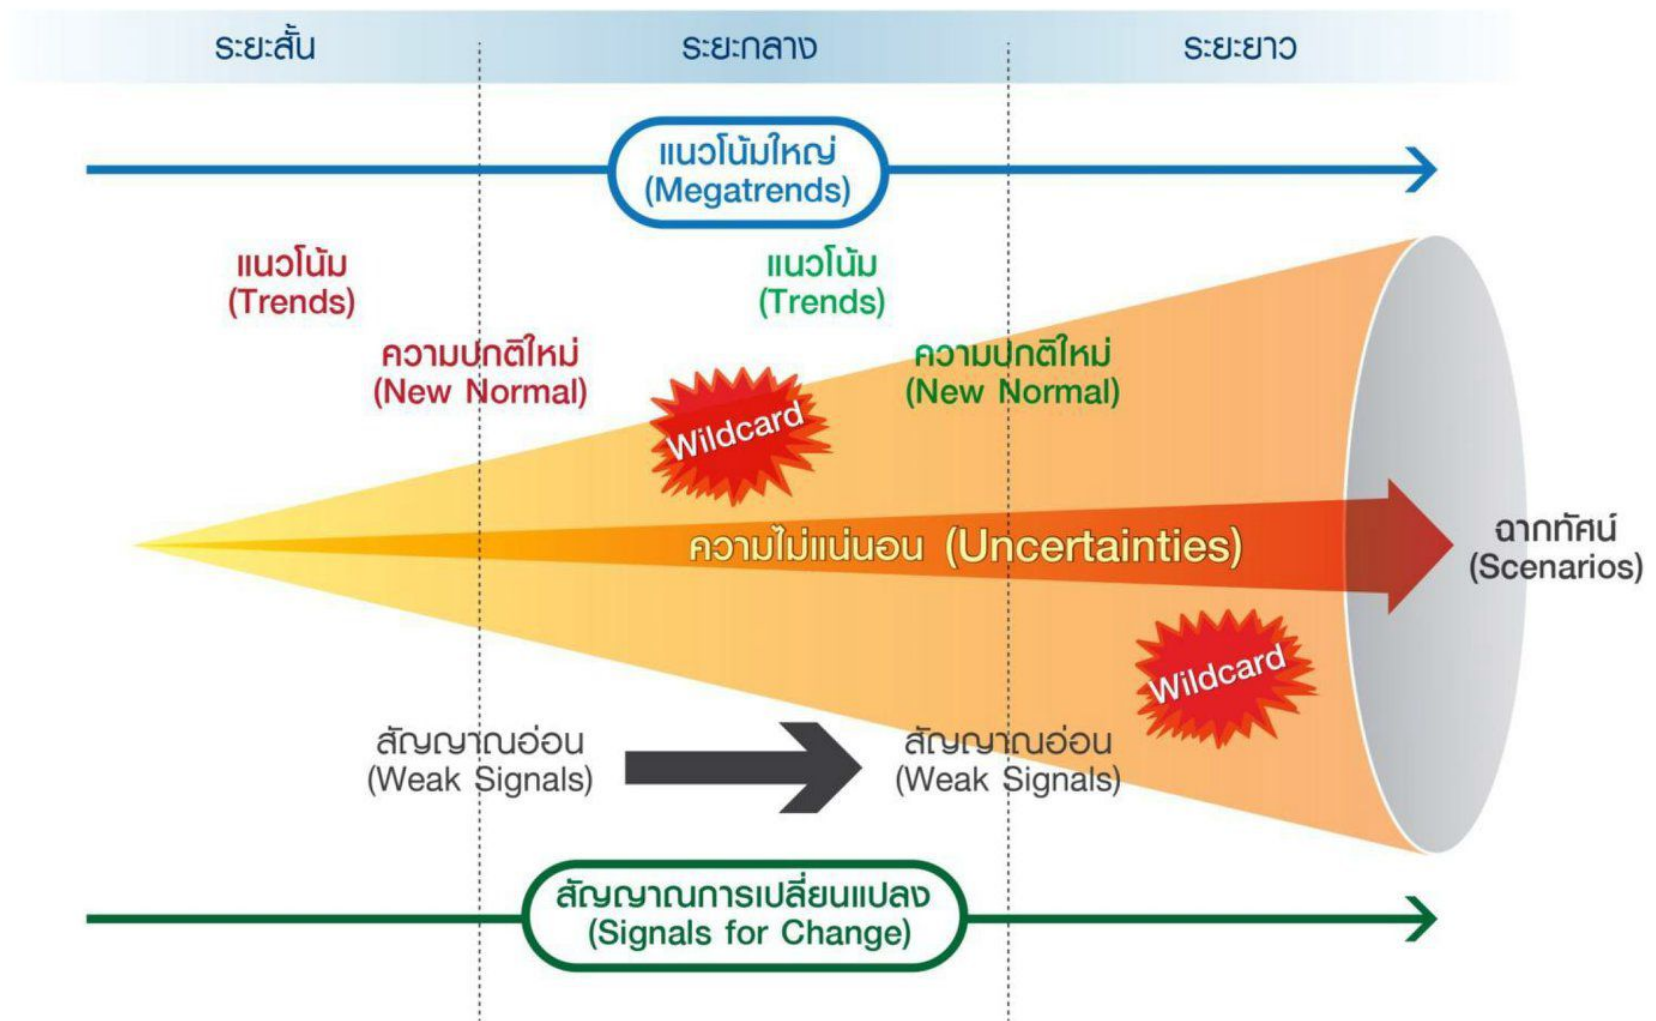

**Futures are in  
OUR HANDs  
(in HANDs)**

# Cultivating **FUTURE THINKING** in Thai Society
